

The Deputy Director of Central Intelligence

Washington, D.C. 20505

Executive Registry

83-5892

5 December 1983

NOTE FOR: Acting Director,
Global Issues

Dave:

Thank you very much. This was right on target and exactly what Congressman Reid had suspected--and confirmed what I told him.

The Congressman's office also agreed with the conclusion that the problem rests between those who want to hold the water for scarce resources and those that want to run it off and avoid flooding.

Many thanks.

n N. McMahon
